

# Submillimeter Astrophysics and Technology A Symposium Honoring Thomas G. Phillips

**February 23–24, 2009**

**Cahill Center for Astrophysics  
California Institute of Technology**

## **Symposium Sessions:**

Development of Submillimeter Astronomy  
Ingredients for Life in Space  
Submillimeter Observatories  
Astrochemistry  
The Submillimeter Universe  
Harnessing Superconductivity  
Into The Future
